

## **WGRC Promotion of Job Opportunities within Christian Radio Ministry**

### **Job Description Postings**

WGRC-FM is an evangelical Christian radio ministry that has used a variety of sources when posting full-time job openings.

WGRC reaches out heavily to a 17-county listener base and web site users. We seek to share many things including exciting radio career opportunities. Through this promoting we have had numerous area residents become involved in our radio ministry as both volunteers and paid staff (some of these have never before held a broadcast position).

Other Christian broadcast career information sources have been used such as Interchristo (one of the leading sources for Christian job postings around the country). HisAir.net is another trade source targeting the Christian broadcaster community. Both of these sources have successfully brought applicants our way.

Job openings are also distributed to a number of area churches in the immediate Lewisburg area and other areas surrounding the WGRC studio location. Those churches include: Christ Wesleyan Church in Milton, Crossroads Church of the Nazarene in Lewisburg, First Presbyterian in Lewisburg, Emmanuel Bible Fellowship Church in Sunbury, First Baptist Church in Danville, First Baptist Church in Milton and Winfield Baptist Church in Winfield. These churches display job openings in a variety of ways including websites, bulletin boards, and church publications. Please notify WGRC if you would also like to have job opportunity listings sent to your church or organization.

### **Internships, Mentoring, Job Shadowing, Tours**

WGRC also participates in recruiting activities such as internships, mentoring, and job shadowing opportunities while also hosting school presentations and tours of our facility.

Recent interns have learned numerous radio related skills and have worked on various things such as: writing public service announcement scripts, recording announcements, digital production work, sports writing and recording, office support duties, website and special event support.

WGRC also hosts high school and college job shadows for a day. This provides an opportunity for young people to see a glimpse of what it is like to have a career in broadcasting and radio ministry.

On several occasions members of the WGRC staff have gone into schools and churches throughout the surrounding community to discuss programming, listener testimonials, and station department functions.

Tours of the WGRC studios have also been given to groups including home schooled children, cub scout packs, day-cares, interested area residents, etc.

If you are interested to find out more about internship, job shadowing, tour or presentation information please contact us by either calling 1-800-546-WGRC or [email@wgrc.com](mailto:email@wgrc.com)
